# Character Designs

**George (Age 5-6)**

**Role:** Prince of Iontach, protagonist

**Appearance:** Young prince dressed as a clown for the carnival celebration. Innocent, joyful, unaware of the tragedy about to strike.

**Key Visual:** Colorful clown costume, bright eyes, carefree expression before the accident.

**George (Adult)**

**Role:** The frozen prince, trapped in his curse

**Appearance:** Still wearing the clown costume, now covered in ice. Solitary, melancholic, with an armor of eternal frost.

**Key Visual:** Clown outfit frozen in time, ice crystals on skin, distant gaze of someone who has forgotten warmth.

**Thalia (Age 8)**

**Role:** Curious girl, future savior

**Appearance:** Young girl with boundless curiosity, beginning to notice the forbidden castle on the hill.

**Key Visual:** Bright, inquisitive eyes, simple village clothes, often looking toward the castle.

## **Thalia (Age 18)**

**Role:** The courageous heroine who breaks the curse

**Appearance:** Young woman with determination and compassion. Wears her mother's queen costume for the final carnival.

**Key Visual:** Elegant yet simple, carrying the music box, expression of resolve and empathy.

## **Visual Style Guide**

### **Color Palette**

**Before the Tragedy:** Warm, vibrant colors — golds, reds, festive carnival hues

**The Frozen Castle:** Icy blues, whites, silvers — cold yet beautiful

**The Enchanted Beach:** Soft pastels, dreamlike quality, suspended between reality and imagination

**The Thaw:** Gradual return of warmth, colors bleeding back into the world

### **Key Locations**

**The Castle of Iontach:** Majestic fortress transformed into a crystalline prison. Architecture frozen mid-celebration, banners and decorations preserved in ice.

**The Village:** Bright, living community that slowly forgets its past. Contrast between warm village life and cold castle silence.

**The Enchanted Beach:** Intimate, poetic space where George grows. Soft light, eternal sunset quality, place of healing and solitude.

## Iconic Imagery

- The clown costume frozen in time — symbol of interrupted childhood
- The music box — mechanical heartbeat of memory
- The two white wolves — ethereal guardians bridging worlds
- The shattering ice — transformation and release
- The carnival masks — duality of joy and sorrow

## Costume & Prop Details

### George's Clown Costume

Originally sewn by Queen Eloise for the carnival. Over the years, the fabric becomes embedded with ice crystals, transforming from a joyful outfit into an armor of grief. The colors remain visible beneath the frost — a reminder of what was lost.

## **The Music Box**

Gift from Queen Eloise to Anne before the tragedy. Contains a doll that grows alongside Thalia. The melody changes with Thalia's emotions, becoming the key that unlocks George's frozen heart.

## **The Ice Armor**

Not a solid shell but a living, breathing layer of frost that responds to George's emotions. Thickest when he is sad, thinnest when he remembers joy. Cracks appear as Thalia's influence grows.
